**This Friday Night
at 8PM**

Karen Nelson

**Walking through the
Valley of the Shadow
of Death, the Lord
says fear no evil for I
Am with you.**

Day to day each of us go through periods where life seems rewarding and other times when life sends us great trials. Fear, loneliness, unbelief and hopelessness tend to draw

Founded on His Truth

**Sunday at 6:00 PM (New Time)
It is Time to walk Free
Pastor Preston**

Amos 7:3: ³The Lord relented and revoked this sentence: It shall not take place, said the Lord [and He was eased and comforted concerning it].

God so loved the world that He sent His only Son Jesus Christ to pay for the sins of the world. Anyone who allows Jesus to wash his sins away with His blood will be saved. Judgment was due, however God sowed mercy by removing the sentence and He was pleased. In

each of our lives, we too have people who have done us wrong and who are guilty. Our flesh man would like to see justice served and those who have hurt us punished. The Lord is asking us to release those who have hurt us. We need to sow mercy that we might receive mercy in our time of trouble. This is the hour that we must revoke any sentence that we have held deep in our heart against ourselves or against others. The Lord wants us to set the captives free that we might live.

Lord, through the power of Holy Ghost, show us any area that we have held captive by our judgment, unforgiveness or bitterness. Help us to release the captive free that Your healing can manifest in our wounded areas. God heal our hearts and restore all the years that were lost and redeem time for Your glory. Amen

Some Dog Foods Deliver Toxic Doses of Poison

With the memory of the melamine pet food scare still fresh in the minds of many, the Environmental Working Group is publicizing a new threat: potentially toxic doses of fluoride in dog food. An EWG analysis found troubling levels of fluoride in 8 of 10 dog foods tested. The concentration of fluoride was up to 2.5 times higher than the safe level the EPA sets for drinking water. Some puppies may be exposed to five times this limit. The fluoride in dog food originates in bone meal and animal by-products. EWG recommends choosing dog food brands free of bone meal and meat by-product ingredients like chicken by-product meal, poultry by-product meal, chicken meal and beef meal.

Statins Cause Muscle Damage

Statins drugs, which are medications widely used to lower cholesterol, may cause structural damage to the muscles of people experiencing muscle aches and weakness. The

us away from the provisions of God. Our Heavenly Father made a provision that is greater than every circumstance in life and His name is Jesus. We must remember that God has planned good works for us and our destinies in Christ were created for greatness before the foundation of the world. Come and hear a great Word of encouragement from the Lord as Karen shares her testimony about the love and provisions through one man Jesus. Be sure to invite a friend and help us celebrate our 5th anniversary of sharing the love of God.

Praise Reports

Awake with a Miracle

Our baby had swelling in the brain cavity due to a birth defect. The doctors said that the swelling had damaged both sides of the brain and that the seriousness of the inflammation had long-term effects. We were devastated to think that our child who has a whole life ahead of him would be permently brain damaged. Our hearts were heavy. The Lord is our helper in our times of need. He provided the surgery and our child did better than the earlier report. When he awakened, he recognized us and showed and we saw his miracle healing. Thank You Lord for reversing the damage that the docters said would be perminent. You are our miracle working Father. Amen

Word of Encouragement through SPAM Advertising

I receive my emails on my PC

damage may occur even when tests for a protein thought to signal injury are normal, and may persist even after statin use is halted. About 10 to 15 percent of people taking statins report myalgia, or minor muscle aches and weakness. A smaller number have stronger, persistent pain, called myopathy. In a study, researchers biopsied leg muscle tissue from 83 patients: 44 were taking statins and had serious and persistent muscle pain, 19 were taking statins and had no myopathy, and 20 had never taken statins or suffered myopathy. Biopsies showed that 25 of the 44 with myopathy had muscle damage.

and also on my Blackberry. ARM and Hammer sent me an advertisement on their toothpaste that brightens teeth. As I looked over the ad on my Blackberry, I noticed at the end scripture with a Word of Encouragement. I thought how could this be that ARM and Hammer would send a scripture message on their advertising. I went to my home PC and the scripture was not on the ad on this machine. I knew immediately that Holy Ghost had sent me a love note supernaturally to encourage me in my time of need. Chapter 4 of Esphesians confirmed my calling, my focus and His heart. Thank You Lord.

Visit the Nutrition page at Sea Minerals Water for articles for healthy living.

The Ocean is a gift from God and a source for life-giving nutrition for people, pets and plants. There are many nutrition reports, studies and materials available to share with others for healthy living. For more information of how Sea Minerals could benefit your life go to www.seamineralswater.com/Nutrition/tabid/54/Default.aspx

Spoken to regarding an Important Decision

We were facing one of the biggest decisions of our life. I was settled in my position and really didn't want to consider the opposing recommendation by a doctor. The Lord spoke to me and asked a question that in a moment revealed His position. Even though I still don't understand why we would have to endure this process, I know have corrected my position and agreed to accept His will. Thank You Jesus for guiding our steps for Your glory and giving us the grace to walk through the valley of the shadow of death. Amen
