**Do unto Others as We want to be Treated**

**Pastor Preston**

Obadiah 1:15: <sup>15</sup>For the day of the Lord is near upon all the nations. As you have done, it shall be done to you; your dealings will return upon your own head.

Many are looking for the key to life's blessings to flow into their lives. God's Spiritual Laws reveal the will of God for our lives and how to prosper in

His Kingdom. The world says go for what you want and don't give up. The worldly say that it is whom you know and your education that is the key to breakthrough. In some ways, this earthly wisdom takes truth from God's Word. The Bible says to seek the Kingdom first and everything else will be given to us. The Lord wants us to be passionate toward Him and serve Him with all our heart. The whom we must know is the Lord Jesus and the education that we need is God's Word. We must know our rights as children of the King. The Bible says His people perish for lack of knowledge.

If we want to walk in His blessings, we must seek the Kingdom first and everything else will be given to us. The Lord says for us to sow and we will reap. If we want to experience good things in our life, we must sow the fruit that we want to receive. The alternative is for us to sow unrighteousness and reap the same judgment for our lives.

Fear, unbelief and a lack of God's Word can lead us to take an earthly approach of sowing worldly seed. Some of what many of us are experiencing now is the result of either good or bad seed we planted in our past. As believer's, we must learn God's provision laws and become Ambassadors of Christ. We must learn to sow love, mercy, forgiveness, kindness, favor, honor, patience and giving. Let us take some time out of our day to review our dealings with others, our commitment to seek the Lord and ask Holy Ghost to help us make the appropriate changes to bring Him glory. Amen

## 7 Expenses That Are Keeping You in Debt

In the United States, 43% of families are spending more than they earn each year, according to MSNMoney. At the end of 2008, the average American household that had a credit card was holding nearly \$11,000 worth of credit card debt. With numbers like these, living with debt seems unavoidable and paying it off seems like an uphill battle you are destined to lose. However, if you are interested in living debt-free, here are seven expenses to watch for that may be holding you back from being in the black.

Pharaoh take action to appoint overseers in charge of the land, and let him exact a fifth of the produce of the land of Egypt in the seven years of abundance. 35 "Then let them gather all the food of these good years that are coming, and store up the grain for food in the cities under Pharaoh's authority, and let them guard it. 36 "And let the food become as a reserve for the land for the seven years of famine which will occur in the land of Egypt, so that the land may not perish during the famine."

The Lord has always told His saints about pending judgments, troubles and stresses ahead of the times. Our loving Father wants us to be prepared to be His living witness in hard times. In the story of Joseph, we see a humble faithful servant raised up from the dungeon to the signet ring to rule.

Did you know that God can bring a swift renewal in your life? We have to position ourselves like Joseph to walk in obedience regardless of our circumstances. Faith is where we develop our trust and love for the Lord. During our seasons of faith development, the Lord prepares our silos to carry more of His overflow.

Joseph believed the Lord so he commanded

**1. Know Your Limits:** The *Financial Times* recently reported that U.S. banks are set to earn \$38.5 billion this year from overdraft fees alone. **2. Fees, Fees, Fees:** Banking and fees go hand in hand. But there are ways to reduce the charges you pay on a regular basis. First, make sure all of the accounts you have open are absolutely necessary. Consolidating multiple checking or savings account could add up to monthly savings of \$20 or more. **3. Paying the Minimum:** Approximately one in six families with credit cards pays only the minimum due each month, according to an Experian national score index study. You've probably read everywhere that this is financial suicide, but let's take a look at what the actual damage would be. **4. Credit Card Cash Advances:** These fees to the transactions fees you might be paying and you'll be shocked to see the total amount that disappears from your wallet each month on convenience fees alone. **5. Payday Loans:** This expense may be the most dangerous of the all for your pocket book. **6. Not Negotiating:** These companies want your business, so often you will be able to negotiate a repayment schedule that can help you pay down your debt faster. Make sure you ask for the lowest *fixed* rate – an introductory rate that will shoot right back up in a few months will have you back at square one. **7. Ignorance Is NOT Bliss:** The worst culprit for keeping you in debt is not knowing where your money is going. Make it a priority to keep records of where and how you spend your hard-earned cash. Make a repayment plan and have set goal-dates for paying off debts.

## [Starting An Easy Homemade Colon Cleanse](#)

One of the easiest ways, and cheapest ways to start an easy homemade colon cleanse is to eat a very high fiber cereal. Choose something that consists of mostly bran without added sugars. Do not eat it with milk; instead mix it with water if you need some liquid with your cereal. For this to be effective you will need to eat at least half the box of cereal. This may seem excessive but you will soon feel the effects as your digestive systems clear out. It is important that you drink plenty of water and other liquids while performing this easy homemade colon cleanse. It can be easy to become dehydrated when performing any type of colon cleanse. So make sure that you keep yourself well hydrated. You can calculate the amount of water you should be drinking by dividing your weight in pounds by half. The figure you get is the amount of water in ounces that you should be drinking while performing your easy homemade colon cleanse.

the people to build the silos to hold the increase. As the silos were being built, the Lord watched Joseph's work. When the silos were complete, the Lord brought the increase in at a rate that the people could harvest and store as He promised. The Lord is watching our human silos being built and He will only allow the increase to come in at a rate that we can receive it. Many have been focused on the overflow and the spiritual key to is focus on seeking the Kingdom first.

Joseph could have loosened his obedience walk and started spending the increase; instead, Joseph used the abundance from Heaven to prepare to feed the nations. The Lord is perfecting His children's physical temple to carry His anointing during these hard times. Jesus needs servants who will not hoard up the wealth of increase or consume it on things that rust and rot. The Lord has been preparing our human silos during this difficult season to hold the increase of His glory. We must trust God as the Author and the Finisher of our faith. These troubles will pass. In due season after this period of preparation, God will release more of His Son's power and love to feed the lost. When the overflow

Visit the Nutrition page at Sea Minerals Water for articles for healthy living.

The Ocean is a gift from God and a source for life-giving nutrition for people, pets and plants. There are many nutrition reports, studies and materials available to share with others for healthy living. begins, money, power and love will flow free through His children to build the Kingdom of Jesus for His glory. Come this Friday night and bring your note pads to take notes about the 7 ways that God enlarges our territory for His glory. Invite others to come with you for this very special message. For more information on the ministry, go to [www.jesuspaid.com](http://www.jesuspaid.com).

## Praise Reports

### Two Blessings in One

We were taking a new baby squirrel to and outreach for abandoned animals when our car wouldn't start to get back home. We were 1 hour away when we discovered this trouble. My cell phone battery had run out and we needed some miracles to get back safely. We prayed and God sent some men to our aid. The car started and we were thankful. My cell phone battery was dead and with a 1 hour drive through back highways we needed the battery to work. I tried again to turn on my phone and the Lord had restored my battery to 100%. We made it home safely by His grace. We turned the car off and then tried to restart it and it was completely dead. When my husband took the battery for replacement the store said it was completely toast. God clearly answered both of our prayers and by His grace He watched over our situation for His glory. Amen

### House Payment Paid by the Grace of God

I was without a vehicle to drive and we were concerned about the cost of repairs. A family member came over and we started reviewing the possibilities for repair. After eliminating possibilities the

repair was less than \$50. This was a blessing in itself, however the big blessing came later that day. We went to a store where we saw an old friend. The person was so excited that she saw us. She said that the Lord had spoken to her and her husband about a gift for our family. She pulled out a check for \$700 and gave it to me. This was the amount we needed to be able to pay our house payment. God is so good that He knew on our own we couldn't make the payment. The Lord provided and now we give Him all the glory. Amen

### **Favor from Heaven to pay all our bills**

I was asking the Lord how will we pay our monthly bills. I knew we were short hundreds of dollars and it was time to start sending checks. I prayed and then I started paying the bills. When I finished writing the last check, I still had more money left over. Only God knows how Heavenly math is calculated. I just know He met all of our needs and left me with an overflow. Thank You Lord for being our provider. Amen

### **Home 10 Months early from the Hospital**

We were told our baby would not live through the surgery. The doctors said if he lives he would most likely be brain dead, lose his motor skills, suffer memory loss and live a short life. Well the Lord of Glory showed Himself strong. Our baby not only lived, he is starting to crawl, he recognizes us and he came home today after three weeks in the hospital. He came home almost 10 months earlier than the doctors predicted. Thank You Lord for sending ministering angels to our son and bringing restoration for Your glory. Amen

Mail your gifts to: Harvest
